Education

B.Sc. Technion- Israel Institute of Technology, Physics (Suma cum Laude), 1994
M.Sc. Weizmann Institute of Science, Department of Physics of Complex Systems, 1997
Thesis: "Modeling of Light Bullets and other Confined Fields"
Supervisor: Prof. Y. Silberberg
Ph.D. Weizmann Institute of Science, Department of Physics of Complex Systems, 2003
Thesis: "Discrete Optical Solitons in Waveguide Arrays"
Supervisor: Prof. Y. Silberberg

Employment

2001-2002 Optimaze Telecom, Rehovot, Israel. Building an optics lab for a start-up company in the field of optical communication. Focus on optical properties and applications for a photorefractive material (CdZnTe).
2003-2005 University of California, Santa-Barbara
Post-doctoral fellowship in Prof. Dirk Boumeester's group
2005- The Hebrew University of Jerusalem, Racah Institute of Physics
2018- Heqa Security (formally QuantLR), Chief Scientist and Founder
